No Travel Advisory LIFTED in central North Dakota **US HWY 52 blocked from Carrington to Harvey**

The North Dakota Department of Transportation (NDDOT) and the North Dakota Highway Patrol have LIFTED the **No Travel Advisory** for central North Dakota including Velva, Harvey, Carrington, Fessenden, McClusky and surrounding areas.

US Highway 52 is still blocked from Carrington to Harvey due snow drifts on the roadway and a large number of vehicles stuck and stranded on the roadway blocking traffic. ND 3, ND 30, and ND 200 in this region are also impassable due to snow drifts and stranded vehicles.

A **Travel Alert** remains in effect for areas in northeastern ND including Grand Forks, Grafton, Pembina and surrounding areas.

Motorists should slow down and drive according to conditions as they may change as winds can cause snow drifts blocking roads and areas of low visibility and may be reduced to one lane or become blocked overnight. Be prepared to adjust your driving with changing road conditions.

All travelers are encouraged to monitor road conditions as weather conditions occur and use caution while traveling. For road information, call 511 from any type of phone or go to the website: www.dot.nd.gov.
